of Jehovah's Witnesses  
P.O. Box 27

Body of elders,

Dear brothers,

We thank you for your letter concerning BCH  
and his appeal for reinstatement.

From your comments and observations of BCH it  
appears that he is earnestly seeking Jehovah's forgiveness  
by "works befitting repentance" (2 COR. 7:8-11)

Because of the complexity of the case involving BCH  
and others involved, we have been hesitant about recommend-  
ing his appeal for reinstatement in the past.

However, your comments in your letter show that you are  
satisfied that he is demonstrating Godly sorrow and true  
and genuine repentance..

Therefore we, the Judicial committee in Mareeba go along with  
your recommendation for reinstatement

Brothers, we realize the responsibility of judging matters  
that affect peoples lives and relationships is certainly  
a weighty one. So we must rely on Jehovah's guiding spirit  
in these matters knowing that ultimately all will be  
accountable to him through our saviour Jesus.

We take this opportunity to send you our love and greetings!

Your brothers,
