19th October 1992.

Dear Brothers.

Greeting from St.George.

The purpose of this letter is in regards to BCH  
appeal for re-instatement.

After ten months of observation and after applying the counsel received from the society in letters SD:SSA April 3 and SD:SSA May 16 1992, we feel that there is ample reasons for his re-instatement. Acts 26:20.

Since our meeting with him after receiving the above letters we have noticed a marked change in his attitude towards the brothers who have been appointed to positions of oversight by Holy spirit.

He has also expressed his sincere remorse over his past conduct and has seen the truthfulness of Gal.6:7 and has humbly accepted scriptural counsel given him.

Since January 1992 he has been living in a tent in the council caravan park which is very simple and by no means comfortable in the hot months or the cold months out here.

He has moved here to distance himself from the environment in Beenleigh that was not good for his circumstances.

The fact that he has lived under these conditions, in itself, indicates to us that he has a sincere desire to return to Jehovah's organization at any cost to his personal comfort.

He has rarely missed a meeting since moving here and has observed all restrictions placed upon a disfellowshipped person.

He witnesses to all and sundry in the caravan park and at his work in an informal way and has actually brought along an interested person to the Public talk.

We wish you Jehovah's rich blessing as you responsibly care for this matter. Your continued cooperation with other mature brothers will assure Jehovah's will is accomplished. (Matt. 18:18-20). We know you will keep this matter before Jehovah in prayer, looking for his direction. Be assured of our desire to be of assistance and we send our very warm Christian love and Greetings.

"YOU WILL BE WITNESSES OF ME TO THE MOST DISTANT PARTS OF THE EARTH" ACTS 1:8

Your Brothers
