

Service Committee Kalamunda Congregation

August 18<sup>th</sup> 2013

Dear brothers,

As you are aware, I was disfellowshipped ten years ago for “carrying on a lie”. (Not for any immoral activity.)

I have not turned my back on Jehovah or stopped attending meetings. I have continued to preach the good news at every opportunity available under the circumstances.

Of course it has been a testing time. Remaining faithful to Jehovah during trials is very important to me, and my wife and I was happy to have the opportunity to prove Satan a liar, but from now on I will be more vigorously pursuing reinstatement as recommended by the faithful and discreet slave.

Have I repented and left my bad course ? - Yes. I have. As you know.  
 Have I produced works that befit repentance ? - Yes, I attend all the meetings, had many bible studies.  
 Am I now, or been practising anything wrong ? - No. I have a pure heart. My wife of 20 yrs, a faithful sister bears witness to this fact.

I wrote to BCK, as suggested, asking for her support in my reinstatement plea. You have a copy of the letter. That was 5 months ago. She has not answered. She may have written to someone at the service desk in Sydney. (The letter had my return address and it did not come back to me.)

There are no other matters involved. My conscience is perfectly clear. Jehovah will judge those making false accusations.

Jehovah is merciful, kind, loving and looks for reasons to forgive and reinstate.

I do repent about “carrying on a lie” The last thing I would ever want to do, is be like the father of the lie. I make no excuses. I did a stupid thing and feel really bad that in wanting to be reinstated, to serve Jehovah, I have wronged Jehovah, the congregation and myself.

As directed by the faithful and discreet slave, can you or the service desk please outline for me what else I can do, adjust, start or stop doing, in order to be reinstated. It seems my writing to BCK has not worked. But I do appreciate the suggestion. For the sake of Jehovahs name please help me to be reinstated.

BCH
